Career Preferences: Expand Beyond Role

**Career Interest:** With all of my broad strategic responsibilities for human capital management, plus blended responsibilities and collaboration between HR, Finance and Technology, I understand the central nervous systems of all our organizations and know I have the capability and expertise to parlay my successes into an expanded role to lead an organization at the highest level.

### Career Discussion Items

Two or three years from now, where would you like to be professionally?

Is there a new task or role you could take on that would make better use of your talents?

What new responsibilities or challenges would help you grow or move ahead?

### Accomplishments/Strengths

### Development Needs
